Austria International Film Festival

UCI KINOWELT Millennium City
Handelkai 1200 Vienna

Hi Peter,

Hope you are staying well.

We would like to inform you that we plan to hold one extra online session of our festival before the upcoming live screening due to the current pandemic crisis.

So, like the majority of festivals all over the world have been doing, we will be holding an online screening session instead over a **2 week period from 22nd of July to 5th of August.**

All screened films will still get Official Selection laurels and be eligible for awards.

Therefore, we are writing to you today to ask whether you would like your film to be screened as a part of this online screening, as your work is now considered to be **selected for the festival.** Please confirm. Thanks.

Regards,

Elidor
